

Dear Alan and AJF Custom Homes Team,

We would like to express our pleasure and complete satisfaction with our recent home building experience with your company. Everyone on the AJF team has been wonderful to work with. Working directly with you and Jim assured that we were informed and involved in the building process every step of the way. We always knew what to expect and the finished product far exceeds our expectations. AJF builds a quality home and everyone on the AJF team understands what customer service means and how important customer satisfaction is.

Although we can't imagine ever leaving this home, if we were to consider building again in the future, we would welcome the opportunity to work with everyone on the AJF Custom Homes team once again.

Sincerely,
Chuck and Melody
