

Dear Better Business Bureau:

We recently bought an A.J.F. Custom home built by Alan J. Fernandez. Working with Alan Fernandez was a pleasure. He “went the extra mile” to insure that we would be pleased with our new home. He was always cheerful and knew just how to guide us in making good decisions about our home. He takes pride in his product and makes sure the work areas are kept clean of trash and debris, therefore allowing the future homeowner to see their home under construction.

In speaking with the suppliers of cabinets, appliances, counter tops, marble, and floorings, everyone had praise for Alan and how great he is to work with. Alan J. Fernandez is someone I would highly recommend to anyone looking for a custom home.

Sincerely

Robert & Charlene
